Saves time and money so you really clean up.

Cleaners and Degreasers

Combat dirt, grease, and grime with water based and biodegradable Kwik Kleen and Kwik Kleen Concentrate! Kwik Kleen is specially formulated to quickly and easily clean equipment, parts and floors, saving you time and money.

As a degreaser, Kwik Kleen will emulsify the grease with little to no agitation, allowing for a quick rinse to remove dirt and grease.

When using as a floor or general purpose cleaner, add Kwik Kleen Concentrate to water at a rate of one cup per gallon. This versatile product can be used for cleaning oil, grease, dirt, tar, and paint.

Customers who use Kwik Kleen have experienced significant cost savings over competing products. Industry applications include trucking, DOT, construction, mining, pipe and much more.

- **Low VOC (0.6 lb/gal - 72g/L)**
- **Easily diluted with water**
- **Pleasant citrus scent**
- **Biodegradable**
- **Environmentally safe - non-toxic, non-corrosive, non-flammable**
